1. Please note that school holidays are announced to government educational institutions exclusively at the end of each term, in preparation for the next term. We will promptly update this document once the official dates are released by the government. The dates provided above are tentative to give participants an approximate idea of when to expect the school holidays.

2. **During the school holidays, we are excited to offer English language classes at the community center and/or childcare centers for children aged 6 to 16. Participants will be supported by the local coordinator in lesson planning and teaching, as there will not be any teachers available. Please note that we cannot guarantee a specific turnout of children during these school holidays, nor can participation be made mandatory.
